The MSF50213 Diploma of Interior Design and Decoration at inSTUDIO will provide you with the practical skills and knowledge to thrive in the design industry and build a successful Interior Design career. The course will teach you how to explore your conceptual ideas and develop them into inspiring residential and commercial designs so you graduate with a technical and industry relevant portfolio.

**COURSE OVERVIEW**

The MSF50213 Diploma of Interior Design and Decoration at inSTUDIO will provide you with the practical skills and knowledge to thrive in the design industry and build a successful Interior Design career. The course will teach you how to explore your conceptual ideas and develop them into inspiring residential and commercial designs so you graduate with a technical and industry relevant portfolio.

**KEY LEARNING CONCEPTS**

Through completing the course you will:

- Learn the processes to generate conceptual ideas
- Explore colour theory in detail to understand colour application in interior design
- Examine two- and three-dimensional spatial planning and study the design methodology applied to functional spaces
- Identify design and architectural historical influences and inspiration
- Understand the hard materials and techniques used in the construction of built-environments, combined with the soft furnishings and styling elements that complete an interior design project
- Produce complete drawing packages with manual drafting and rendering skills and computer-aided programs.
- Complete residential and commercial interior design briefs that simulate actual design
- Build the communication and presentation skills necessary to practice as an interior designer or decorator confidently.
The MSF50213 Diploma of Interior Design and Decoration is a nationally accredited diploma that will provide you with not only a professional qualification, but also the practical skills to build a successful career within the design industry.

Start your career as:
- An Interior Designer
- An Interior Decorator
- An Interior Stylist
- Editorial Stylist
- A Stage/Set Designer
- A Design Consultant
- An Event designer
- A design or decoration business owner

NEVER FEEL THAT YOU’RE NOT CREATIVE ENOUGH, NEVER FEEL THAT YOU COULD FAIL AT SOMETHING. TAKE A BREATH AND TRY IT.

Dani Butchart, graduate, Creative Projects & Interiors
Creativity is seeing what everyone else has seen and thinking what no one else has thought.

Albert Einstein
Over the past 30 years we have secured a strong reputation within the design industry as a leading education provider of high quality relevant and practical courses.

Key industry partners have contributed to our curriculum and they engage with our students both on and off campus giving them exposure to the design community. You will have access to industry online through video tutorials, webinars, digital presentations and briefings.

We work with leaders in industry sectors to provide relevant course content and industry briefs throughout all the colour and design career courses we offer. Industry contacts judge each of the briefs and give sought after awards to outstanding students. Further, we actively work with industry to provide employment opportunities for our graduates. Whether it is internships, work experience or full time employment, there are numerous opportunities for our graduates to work with industry leaders.

Some of inSTUDIO Industry Partners and Awards include:
- Designer Rugs
- Scentre Group (Westfield)
- Polytec
- Cult
- Belle Magazine
Studying online has never been easier. Our flexible study options mean that you can login from anywhere and study at your own pace, in your own time. inSTUDIO uses innovative teaching methods and a hands on approach to online learning. Your dedicated educator will be there to support you via email, phone or online video. Your online experience includes:

- Access to learning materials and assessments
- The ability to undertake and upload assessments
- Access to real time marking of assessments
- Online video tutorials and demonstrations
- Participation in online student forums and discussion boards
- Dedicated educators who are all actively engaged within the design industry
- Opportunity to engage with your educator, assessor and student support team
- Quick response time

The course has been designed to include a variety of video tutorial, visual references, practical activities and formative quizzes to ensure that your online learning experience is both fun and stimulating.
